If the user is registered, he can be redirected to the sign in page by clicking on this link.

The user will add a username, email, password and confirm password to register.

This validates if email exist in the DB. If exist, it will show an alert message to the user "Account already exists" and he will stay in the same page. If does not exist, it sends the user info to add to the DB and shows a success message asking the user to go to the sign in page

Admin can switch between class management and people management

The screenshot shows a software interface for managing classes and students. At the top, there are two buttons: "CLASS MANAGEMENT" and "PEOPLE MANAGEMENT". Below these buttons is a section titled "My Classes". This section contains a list of classes and their associated students. Each class entry has a "SCAN" icon at the end. The list is grouped into three main sections by a blue bracket on the right side:

- Português**: Includes entries for Ana - student, José Mendes - professor, Sofia - student, Maria - student, Teresa - student, and João - student.
- Matemática**: Includes entries for Ana - student, José Mendes - professor, Sofia - student, Maria - student, Teresa - student, and João - student.
- História**: This section is currently empty.

Below the "My Classes" section is a "ADD CLASS" button.

List of all classes and all students and professors
